

One Stop Leasing Inc. (OSLI) COVID-19 Statement

July 24, 2020

Dear valued customers and associates,

As we continue to navigate through these difficult times, we are committed to safety and health, and continued implementation of new precautions as the virus continues to develop.

One Stop Leasing Inc has always had a reputation for clean and sanitary portable trailers in many industries such as the movie, commercial, construction, and private industries. To a certain degree, not much has changed for us, as we have always implemented the highest level of cleaning and attention to detail., We abide by all federal and state regulations, and are members of the PSAI that regulates and sets guidelines for proper sanitary precautions, especially in this time of pandemic. We assure you that all of our luxury and standard portable trailers are thoroughly cleaned, sanitized, and disinfected prior to delivery. We are paying special attention to high contact areas such as handrails, doors handle, faucets, countertops, and dispensers. Taking these precautions and additional steps have allowed us to avoid encountering the COVID-19 virus and stopping the spread.

As we learn to adapt to this new normal, all feedback and questions are welcomed so that you and your guest are guaranteed of 100% safety at your event. Special accommodations, payment related questions, or safety precaution questions can be answered 24/7 by our health and safety department at (909)-333-2700.

As an essential, family owned business, our service personnel have worked tirelessly to ensure that each customer and job site receives the best resources we can offer during times in which critical supplies are short and need is great.

Regards,

Bryan Zarate
Vice President
